Investigators say a fire that took the lives of two small children in West Granite early Thursday morning may have been smoldering for more than an hour before it was reported.

"The carbon monoxide levels in the two children were very high, which would indicate a slow, smoldering burn," Fire Investigator Brian Schmidtke of the Granite City Fire Department said.

Tavern owner agrees to pay fine of \$250

A Grantic City tavern owner pleaded guilty Thursday to selling alcohol to minors.

In a settlement agreement negotiated before a hearing scheduled Thursday morning, Mary L. Eddleman, co-owner of Gabby's Tavern, 1800 State Street, agreed to pay a fine of \$250.

A citation against the tavern alleged that two teenagers — one is years of age and the other 19 — were served beer at Gabby's at 1:24 a.m. Dec. 10.

Editorials Stiff fines for waste haulers?

If common consideration for the community doesn't convince waste haulers to secure truckloads of garbage, then perhaps a few, stiff fines will get the message across.

Littering is a pervasive problem along all of our higheaves. Much of it comes from individual consumers on the conference of the problem is now being attractive often can be seen tossing trash out of the truck of the problem is now being attracted to commercial trusk haulers who simply do not follow laws requiring that ruckloads of trash be covered to prevent them from blowing out of the truck beds. Public officials trash that's splling out of trucks along Illinois 14 between Wood River and Edwardsville, a route they make their way to the Laidlaw Waste Systems Inc. landfill in Roxana. Trash blowing out of uncovered trucks litters the roadsides, farm fields and business parking lots along the route virtuelly every day.

Laidlaw operators say they do their best to clean up areas immediately adjacent to the landfill but they point out that they can't be responsible for the entire county. The problem has become so common and is so visible on the heavily traveled highway that officials need to invest some staff time into the effort and not depend on resident complaints.

Fighting Cancer

Prostate cancer is the second most common cancer in males over 50. common cancer in males over 50. According to the American Cancer Society, over 105,000 new prostate cancers will be diagnosed and about 30,000 men will die of the disease this year. Early detection and treatment are crucial to "fighting cancer below the belt."

As a free community-service, the physicians of Belleville Medicine, in cooperation with Memorial and St. Elizabeth's Hospitals, are pleased to offer a free prostate cancer screening program.

The Prostate Specific Antigen blood test, or PSA, is a new blood test to detect benign or cancerous activity in the prostate. Free PSA testing will be conducted for males age 50 and over by appointment only. A limited number of appointments can be scheduled on a first-called, first-scheduled basis by calling 234-2120, extension 1575.

A PSA test and a standard rectal exam by a qualifed physician are believed to be the optimal prostate cancer detection method. Therefore, perficipants are strongly encouraged to-take advantage of both the free PSA test and rectal exam.

five-game drought against Madison. The Devils' last victory over the Trojans came in 1992. Madison swept Venice the past two years in the regular season and eliminated the Devils from regional play three years ago.

"I didn't say anything about it because every time we say any-thing, Madison has beat us," Harris said

Venice will go after its fourth straight win Tuesday at home against Normandy (Mo.). Madi-son was scheduled to play at Cahokia on Saturday night.

"It's a new year and we're 1-0 so far," Harris said. "If we keep playing like this, we could beat some good teams."
